PROGRAM OF  
ALL-INCLUSIVE CARE  
FOR THE ELDERLY...  
OR PACE

The PACE model for vulnerable older adults centers around the belief that it is better for people to be served and cared for in their community whenever safely possible.

There are 15 independent PACE organizations in 26 Michigan locations providing comprehensive services for seniors in partnership with a team of health care professionals. All PACE organizations share the same goal: improve the health and maintain the independence of older adults while honoring their desire to live in their community.
